

DART SAILABILITY

DART SIDE QUAY SITE SAFETY

Dartside Quay is a new location for Dart Sailability. Members should take special care on the site, particularly while getting used to our new surroundings.

- Dartside Quay is a working boat yard with a number of small industrial units. There is a significant amount of traffic on site.
 - **Members must use marked walkways and watch out for traffic**
 - **Members should not wander around exploring the site**
- Marina User Vehicles do park by our club house.
 - **Members must take particular care when approaching and leaving the club house in case vehicles come round the corner.**
- The Toilets are in a Boat Park and Car Parking Area
 - **Members must beware of cars and boats when proceeding to and from the toilets**
- The large slipway to the left of the pontoon is often used for the launch and recovery of boats.
 - **The area above the left-hand slipway must be kept clear at all times.** Members should congregate by the Shore Party table and on the beach area beyond the slipway.
 - **Members must take care when crossing this area to reach our assembly area.**

- The OOD will advise of any known planned boat movements and plan our activities to keep clear of them.
- The pontoon is narrow and there is limited space on our pontoon at the end.
 - **Members should not go on to the pontoon until called forward to board a boat.** Only one boat at a time will board from the pontoon.
 - **Only one wheelchair at a time on the pontoon**
 - **No wheel chairs or other equipment to be left on the pontoon.** Wheel chairs and other equipment will be tagged to identify the boat being used by the owner so that they can be ready when the owner returns
 - **Members must not go on the pontoon when Marina staff are working on the pontoon**
- The old quay side to the left of the main slipway is rough and the edges are crumbling,
 - **Members should not use the rough area to the left of the main slipway.**
- There is a short steep slope towards the disabled toilet. (This is due to be modified)
 - **Members should take care on the approach to the disabled toilet**
